FURNITURE FOR COMFORT AND ERGONOMICS, IN THE HOME AS IN THE OFFICE

The health crisis has propelled the rise of the home office. The home environment is the new workplace. Office furniture needs to adapt and offer a solution to evolving requirements for comfort, health and user-friendliness. The EOL Home Office desks and chairs concept is the ergonomic- and design-led solution put forward by a European furniture manufacturer.

And since choosing furniture is an indispensable step in the creation of a comfortable and ergonomic workspace, EOL is offering consumers the possibility to access high-quality professional grade furniture.

Whereas a desk is fundamental in the creation of a personal workspace, opting for an ergonomic chair is critical to avoiding back pains and ensuring the well-being and comfort of employees working from home.

Delivery using your own means: usual logistics terms and conditions apply.

HOMERE

Fast delivery guaranteed

COMPACT & MODULAR DESK

With its compact, modular and 'habitat' design, HOMERE is specially designed to fit into the home environment. Thanks to its worktop that slides and swivels and a capacious storage drawer, Homere enables the instant deployment of a practical workspace that stows away easily by folding back on itself. A clever desk that does not take over the room. HOMERE is THE desk for smaller spaces !

ECONOMICAL AND FUNCTIONAL DESK

ARIAL is a functional desk that is ideally suited to smaller spaces. A clean and linear styling makes for a timeless aesthetic that will suit any home interior design. If you are looking for a modern and classy style, we recommend choosing a 25 mm thick worktop in a Brunswick oak finish.

€ 336 excl. tax

ECONOMY SIT-STAND DESK

Accessibly priced and with a height adjustment system enabling users to switch smoothly between sitting and standing positions, LUTZ is the ideal ultra-ergonomic desk for furnishing a home workspace. Its 80 cm deep by 140 cm wide worktop allows it to easily find a place within most spaces. Its key benefit: an electric drive height-adjustment system with 4 positions memory.

ERGONOMIC SIT-STAND DESK

Because health and well-being are absolute priorities for users, AXEL is the perfect desk to help them avoid sedentary habits by allowing a smooth and easy transition from a seated to a standing working position. Highly ergonomic, the electric operated version offers a wide height adjustment range (from 65 to 130 cm), an anti-collision system and a cable trough for the discreet storage of sockets and cables under the worktop.
